

Regulatory Essentials – February 21, 2018

Cosmetics Alliance Update

Register for Cosmetics Alliance Spring Regulatory Workshop

Cosmetics Alliance 2018 Spring Regulatory Workshop is a must for members seeking the latest updates and information on everything regulatory.

Date: Thursday, April 12, 2018

Registration: 8:15 - 9:00 am

Workshop: 9:00 am - 4:30 pm

Location: Hotel Omni Mont-Royal, Montreal, Quebec

Topics Include:

- Consumer Products Safety Program Updates
- Natural and Non-prescription Health Products Updates
- Self-Care Products Framework
- Regulatory Operations & Regions Branch and DEL Updates
- Environment and Climate Change Canada Updates

[View Preliminary Agenda](#)

Member Engagement Session:

Cosmetics Alliance will be hosting a Member Engagement Session at the end of the Workshop, so be sure to attend the whole day. This Session will provide an opportunity for members to share their concerns and issues with Cosmetics Alliance staff and fellow attendees. Workshop delegates are encouraged to plan their travel arrangements accordingly to ensure active participation for this one-of-a-kind setting.

Health Updates

CEPA-ICG Fall Conference

The 2018 CEPA conference will be on October 1st-3rd at the Holiday Inn Toronto Airport. Please visit cepa-icg.ca for more details.

Natural Health Product 2017 Report on Compliance Monitoring Posted

The 2017 CMP Report was posted on Health Canada's website on February 1st, 2018. Health Canada took a risk-based and complaint driven approach to this post-marketed activity for NHPs as a proactive tool to balance the current paper-based licensing process. This process utilized a series of planned, on-site visits to NHP facilities. Many companies used these visits as a chance to clarify the requirements to follow them better.

Cosmetics Alliance advocated to Health Canada on three fronts:

- Consolidation of what they found into a separate section un-linked to the inspected facilities,
- Top-level identified issues and actions linked to inspected facilities,
- Giving heads up to each establishment regarding details of the posting prior to posting, being consistent with other CMPs across Health Canada

Health Canada delivered on all three of these asks. To view the report, click [here](#).

Consultation for Transportation of Dangerous Goods Client Identification Database

Transports Canada is inviting stakeholders to participate in consultations regarding a new Transportation of Dangerous Goods (TDG) Client Identification Database (CID). Transports Canada is proposing to introduce a new requirement for businesses involved in the importing, offering for transport, handling, and transport of dangerous goods to identify themselves and provide basic information on their dangerous goods activities.

Online Consultations:

From, February 19th to April 16th stakeholders are invited to participate in online discussions and share comments via the [online consultation tool](#).

In-Person Consultations:

Stakeholders are also invited to participate in in-person engagement sessions scheduled at the following dates and locations:

Date	City	Time	Language
March 15	Vancouver	9:00 am – 12:00 pm PST	English
March 16	Calgary	9:00 am – 12:00 pm MT	English
March 19	Montreal	1:00 pm – 4:00 pm EST	Bilingual
March 21	Ottawa	9:00 am – 12:00 pm EST	Bilingual
March 22	Toronto	9:00 am – 12:00 pm EST	English
March 23	Halifax	9:00 am – 12:00 pm AST	Bilingual

If you are planning to attend an in-person engagement session, please [reserve](#) your place by March 12, 2018 at 5:00 p.m. PST.

Environmental Update

Publication of the Draft Screening Assessment and the Risk Management Scope for Cyanides

On February 10, 2018 a [notice](#) with respect to the screening assessment and the risk management scopes was published in the Canada Gazette. [Ten cyanide substances](#) were identified as priorities for assessments as they met categorisation under CEPA. One significant substance to the personal care industry is Tetrasodium ferrocyanide (CAS RN 13601-19-9) and its dehydrate. Tetrasodium ferrocyanide is listed in the NHPID as a non-medicinal ingredient. Cosmetics Alliance will not be commenting on the 60-day consultation unless indicated by members. If you have any questions or would like Cosmetics Alliance to comment on the publication, please reach out to your CA Regulatory Team at regulatory@cosmeticsalliance.ca.
